MAKE PEACE!" REICHSTAG'S ULTIMATUM TO KAISER. Deported I.W.W.'S, Barred from New Mexico, Return to Arizona.

DEPUTIES AND ARMED CITIZENS LOAD "REDS" ON CATTLE CARS.

Men Reported Killed in the Business of Ridding the Metal Mining Camps of
Bummers and Bums — Strangers Forced to Go to Work or Take Passage on
"Desert Special" — Gov. Campbell Asks Military Intervention.

[BY A. P. NIGHT WIRE.]

COLUMBUS (N. M.) July 12.—Nearly 1200 persons, deported from Bisbee today, arrived here about 9 o'clock tonight. F. B. King, division superintendent of the El Paso and Southwest railway, was in charge, and was arrested by the local authorities for bringing in the deportees.

Local authorities refused to permit the men to be unloaded here. The army officer in command, who had not issued any orders up to the time of their arrival, threw out a strong guard to the military establishment.

Later King was released when he agreed to take the men away and the train was started toward Bisbee. It was said here the men would be detained at Hermanas, N. M.

leged to have prevented miners from returning to work. Plans for the "round-up" of alleged undesirable were made at midnight by Harry C. Wheeler, Sheriff of Cochise county. Within two hours the Sheriff had deputed 1200 men and ordered them to report at various points at 4 o'clock this morning.

CITIZENS ASSEMBLY.
When the bands of citizens assembled those who were not already armed were given rifles and revolvers with instructions to use them only in self-defense. "Until the last I.W.W. is run out," was the watchword passed to the waiting men.

At 6:30 o'clock special newspaper editions containing a proclamation by Sheriff Wheeler ordering women and children to keep off the streets during the day and instructing deputies to arrest on charges of vagrancy, treason and being disturbers of the peace of Cochise county, all those strange men who have

congregated here from other parts and sections for the purpose of harassing and intimidating all men who desire to pursue their daily toil," were circulated on the streets.

Simultaneous five bands of armed citizens appeared as if by magic. Some hurried from alleys, others came streaming from storerooms and some sprang down from low roofs of business buildings. All marched in a business-like manner to the center of the town.

STRANGERS CHALLENGED.
Every strange man on the streets was challenged. "Hold on, stranger, what's your business?" "What are you doing in Bisbee?" and "How long have you been here?" were some of the questions asked by the little groups as they surrounded each man. Every suspicious looking individual was arrested.

Fifty pickets at the entrance to the Copper Queen mines, in front of the postoffice, were arrested when twenty-five armed citizens rushed from the lobby of the postoffice and surrounded them. Four squads of citizens, coming from the center of the city, reached the center of town at the same time. Each band was marching with several hundred prisoners.

As each man was detained he was ordered to put his hands in the air and deputies quickly searched him for weapons. As the prisoners marched along the streets hundreds of rifles were leveled at their heads from all sides.

After an hour's wait, captors captured marched to the depot, where another squad on duty had taken charge of several hundred more men. At 8:30 o'clock the prisoners were lined up two abreast. Flanked by 2000 heavily-armed citizens, the captives were ordered to march down the railroad tracks toward Warren. At Lowell, a suburb, about 300 more alleged I.W.W.'s were merged into the procession.

IN BASEBALL PARK.
The baseball park at Warren was chosen for the place of assembling the men to be deported. Word of the "clean-up" had preceded the Sheriff and his men, and when the prisoners reached the park the hundreds of spectators on the scene set up jeers and shouts.

When the prisoners were all inside the inclosure half of the armed bands formed a guard around the park, while the other half started a systematic search of the entire disinclosure. Those who were connected with the I.W.W. or could not account for their presence in the inclosure, were taken to the barracks and held.

For two hours leaders of the I.W.W. attempted to make themselves heard above the hoots and jeers of the crowd. When it seemed as if the park would hold no more, six additional squads of prisoners were packed in and the guards were increased.

Shortly before noon a special train of cattle cars rolled up to the park. The prisoners were marched in single file from the inclosure, up the runways and onto the cars. As each man entered the car, according to the authorities, he was asked if he wanted to go to work or if he could give the name of a reliable citizen who would vouch for him. Those who expressed a desire for employment were held for further investigation.

CITIZENS DEPORTED.
Several prominent citizens of Bisbee and Lowell who openly declared they were in sympathy with the I.W.W. movement were forced into the cars with the unkempt crowds. Among these was William B. Cleary, an attorney who was taken into custody when the raid first started. Cleary was alleged to have spoken openly in favor of the I.W.W. movement.

The train left at noon. As it departed cheers and jeers were heard. Some of the deported ones waved their hands and their caps and shouted: "Good-bye, Bisbee!"

All afternoon the citizens continued the work of questioning everyone on the streets. Tonight hundreds of men are packed in the cattle cars.

Supplying of American armies in France to be gigantic task; iron and steel on way from America to build huge refrigeration plants.

Great Russian offensive in reality said to be a peace move.

Later Dispatches With Fresh News Marked "30"

TEN GERMAN SUBJECTS LOCATED WITH I.W.W.

[BY A. P. NIGHT WIRE.]

MIAMI (Ariz.) July 12.—Ten German subjects, at least two of whom are believed to be army officers, have been located here and in near-by camps, it became known here tonight. They are believed to have been sent into this district to assist the I.W.W. agitators in tying up the copper mines of Miami and Globe.

A loyalty league, similar to the loyalty leagues of Globe and Bisbee, has been formed here and the organizers have expressed their intention of stopping I.W.W. street meetings nightly and the suppression of I.W.W. agitation, even if it was necessary to drive the agitators out, as was done at Bisbee.

Heavy guards of United States soldiers have been placed around the powder magazines owned by mining companies in this district.

GERMAN EMPEROR'S MANIFESTO.

[BY ATLANTIC CABLE AND A. P.]

COPENHAGEN, July 12.—The German Emperor's manifesto for the Prussian Ministry to discard its reform project, the draft of which had been largely worked out, and, according to reports in Berlin political circles, although doing away with the three-class system, introduced as a concession to the Conservative and National Liberal parties the principle of plural voting. The proviso is made that the attainment of a certain age, marriage or educational qualification entitles an elector to additional votes.

The Conservatives had vainly endeavored to have this principle, which provides some counter-balance to the big Socialist vote, extended to embrace property as qualification for an additional vote, but the idea was finally dropped.

The Emperor's insertion of the word "equal" in the formula presenting the new franchise will operate to prevent the government and the hitherto dominant parties from jockeying with the new suffrage bill, defeating or limiting the reform in practice while granting it in principle.

I.W.W. LEADERS ARRESTED.

[BY A. P. NIGHT WIRE.]

GLOBE (Ariz.) July 12.—Eight more strike leaders were arrested here late today and tonight. Five of the strikers were in jail tonight and the remainder were released on bonds. The latter included Roger S. Culver, speaker for the I.W.W., and George Smith, secretary of the local Miners' Union.

Fear that a "round-up" of I.W.W. leaders and sympathizers would be made here caused much uneasiness in Globe tonight, especially among the strikers. It was reported that a wholesale deportation might take place at any time, and the arrest of the fifteen strike leaders was thought to be the beginning, but everything was quiet tonight. However, a number of strike leaders are expected to be placed in jail tonight and tomorrow.

OREGON PREPARES FOR I.W.W.

[BY A. P. NIGHT WIRE.]

SALEM (Or.) July 12.—Following a conference tonight between Gov. James Withycombe, Adj.-Gen. George A. White and State Fire Marshal Harvey Wells as to the I.W.W. situation in Eastern Oregon, the Adjutant-General announced that there is in process of formation a battalion to be made up of men of experienced military training, to be stationed permanently in Oregon for home defense.

Already over 100 men have enlisted in this battalion and the 300 required will be enlisted within a very few days, the Adjutant-General stated. To supplement the battalion there will be another battalion of deputy sheriffs formed throughout the counties of the State.

MINERS TO EXPEL I.W.W.

[BY A. P. NIGHT WIRE.]

HANCOCK (Mich.) July 13.—Three hundred miners met here last night and organized a "home guard," the avowed purpose of which is to expel all Industrial Workers of the World agitators in this territory and prevent spread of their activities.

Citizens here are beginning to fear an outbreak of trouble similar to that in the Arizona mining region.

The Citizens' Alliance, a law-enforcing association active during the strike of 1913 here, has been revived and already has started an anti-I.W.W. campaign through its official organ.

BANDITS KILL ENTIRE GARRISON.

[BY A. P. NIGHT WIRE.]

LAREDO (Tex.) July 12.—The entire garrison, numbering thirty men, at Ller, State of Tamaulipas, Mex., was killed by fifty bandits at daybreak June 26, according to information reaching here tonight. The town then was looted and burned. Several civilians also are reported to have been killed, including the Mayor. Soldiers from Victoria, capital of the State, arrived after the bandits escaped. The garrison was asleep when attacked.

FEAR I.W.W. WILL RETURN.

[BY A. P. NIGHT WIRE.]

DEMING (N. M.) July 13.—Word received here from Hermanas late last night said the trainload of deported men from Bisbee was side-tracked and the engine detached when the train reached Hermanas, after having been turned back from Columbus. The guards were removed from the train at Hermanas. It is feared the deported men will hold up the night westbound train and return to Bisbee.

RESIGNATION OF HOLLWEG THE SENSATION OF EUROPE.

Refusal of the Reichstag Main Committee to Vote Any More War Credits to the Kaiser
Calculated to Bring About an Early Termination of the War—Revolutionists and Reformers Now Hold the Whip Hand in Berlin.

[BY ATLANTIC CABLE AND A. P.]

BERNE, July 12 (British Admiralty per Wireless Press).—The Vossische Zeitung of Berlin says the German Imperial Chancellor, Dr. Von Bethmann-Hollweg, has resigned. Emperor William, the newspaper adds, has postponed his decision whether to accept the Chancellor's resignation.

A telegram from Berlin today says it was the intervention of the Crown Prince that caused the Chancellor to tender his resignation.

LONDON, July 13.—A Daily News dispatch from Rotterdam states that the parties in the Reichstag favoring reform are now in a majority, there being at least 225 Deputies of the Center, National, Liberal, Progressive and Socialist majority who have announced their support of Erzberger.

AMSTERDAM, July 12.—A rumor has reached Holland that the entire German government will resign with Imperial Chancellor von Bethmann-Hollweg, the main committee of the Reichstag having refused to vote a war credit unless the government declares its policy regarding peace and reform, which the government has declined to do. An imperial proclamation is considered imminent.

The Vossische Zeitung and Lokal Anzeiger, both of Berlin, agree that the Chancellor resigned owing to a letter from the Center, or Clerical, party, declaring that the conclusion of peace would be rendered more difficult if he retained his office.

LONDON, July 13.—The plenary session of the Reichstag, which was to have opened early in the week, will sit on Friday, the "Exchange Telegraph's" Copenhagen correspondent cables. He reports that a great political debate will begin Saturday, and that a liberal peace formula, declaring Germany is fighting a defensive war, is expected to command a large majority.

KAISER SEES HOLLWEG.
BY ATLANTIC CABLE AND A. P.
AMSTERDAM, July 12.—Emperor William had an interview lasting several hours with Chancellor von Bethmann-Hollweg, yesterday, and received his report on the political situation, according to a semi-official dispatch from Berlin.

The Crown Prince arrived in Berlin on a special train from the front and yesterday noon attended the Crown Council at which the Emperor presided.

CONSULT CROWN PRINCE.
BY ATLANTIC CABLE AND A. P.
BERNE (Switzerland) July 12.—(British Admiralty per Wireless Press.) An official communication issued in Berlin yesterday says Emperor William expressed the opinion that the political and constitutional reforms demanded by the Reichstag are such that they concern merely himself but his successor, inasmuch as they would be permanent. For this reason the Emperor summoned the Crown Prince to attend one or more Crown Councils at which final decisions regarding the extent to which the crown and the

DRAWING LOTS FOR DRAFT WILL FIX ORDER OF SERVICE.

[BY A. P. NIGHT WIRE.]

WASHINGTON, July 12.—Drawing of lots for the selective draft not only will determine what men are to be called to the colors in the first war army, but will show in what order the others registered will be liable for service when later armies are organized.

It was revealed tonight that a plan of drawing will be followed during the week of July 22. On the waiting lists will be given every one of the millions registered. Those standing at the head of the list in each county or city district will be called first before the examination boards and then the obligation will pass on down the line as long as men are needed.

This does not mean that a separate name or number will be drawn for every one of the country's 8,800,000 registrants. In fact, every number drawn, under the theory of the plan, will represent more than 4000 men, one of each of the registration districts.

Details of the system have not been made public, but an outline of its principal features follows: Every registration board has numbered the cards in its possession in red ink, beginning at No. 1 and continuing to a number corresponding with the total in the district.

At the drawing numbers will be drawn ranging from No. 1 to a number corresponding to the total in the largest district of the country. The first number drawn will determine what man in each district is to be taken first. If it be No. 10, for example, it will mean that the man in each district holding local card No. 10 will be drawn first.

The second number drawn will determine what man in each district is to be taken second, and so on as many as men are needed. Those not needed for the first war army will retain their positions on the list and these positions will determine the order of their liability when they are needed.

The drawing will be public and each number will be announced as it is drawn. At the office of most local exemption boards the red ink

numbers of the registrants already are posted, so that registrants may inform themselves beforehand of their respective numbers.

THE HIGH NUMBERS.
Obviously, there will be high numbers drawn for which there are no corresponding registrants in small districts. The smallest district in the country is understood to have but 137 registrants, and the largest, about 7000. Whenever a number beyond the total in any given district comes out it will operate as a blank for that district. Thus, if the theory works out evenly, the larger districts will be constantly assessed in excess of the number, on a pro-rata basis corresponding to their size.

The drawing probably will be held during the week of July 22. On the waiting lists will be given every one of the millions registered. Those standing at the head of the list in each county or city district will be called first before the examination boards and then the obligation will pass on down the line as long as men are needed.

Details of the system have not been made public, but an outline of its principal features follows: Every registration board has numbered the cards in its possession in red ink, beginning at No. 1 and continuing to a number corresponding with the total in the district.

SEND A RESCRIPT.
BY ATLANTIC CABLE AND A. P.
PARIS, July 12.—A dispatch from Basel to the Havas Agency says Emperor William has addressed to Chancellor von Bethmann-Hollweg a rescript under the terms of which the bill to be submitted to the Prussian Diet, as a complement to the imperial message of April 1, must be drawn up on the basis of equal voting rights.

ODDEN MOVES UP.
BY A. P. DAY WIRE.
WASHINGTON, July 12.—The Federal Reserve Board today designated Ogden, Utah, as a reserve city.

Selective.

prevent those exempted from any suspicion of being slackers.

The law specifies that exemptions are not permanent unless the cause for which they are granted is permanent. For instance, if a man should be exempted on the first call because of a dependent relative and that relative should die or become self-supporting before the second call, the registrant would be liable for service under the second call. It will be the duty of the exemption boards to keep watch of such cases and recall the men who have been passed over once but whose status may have changed before the second call is made.

TWENTY-ONE REPORTED.
So far only twenty-one States have reported to the Provost-Marshal-General's office the completion of their organization. In some of them the names and serial numbers of the men liable to draft already have been posted. The first city to report the completion of that part of her work was Kansas City.

Some fear was felt at the War Department today that the delays in organization might cause further postponement of the draft. It had been decided that the drawing might take place Saturday of this week. It then became evident that it could not be held before next week and indications today were that it might be the latter part of next week before everything was ready. One of the States where there has been the most confusion in organization is New York. The new estimate of population made by the Census Bureau as a basis for the draft, it is explained, is not to be taken as a genuine indication of the actual population of cities and communities. As the object of the estimates is to fix a fair basis for establishing local quotas, industrial centers with disproportionately large numbers of young men subject to draft have been given figures probably considerably in excess of the number of people actually within their borders.

As soon as the local organizations are complete, appointment of the district exemption boards will be announced. These boards, one or more in each judicial district, will pass upon appeals from the local bodies and will have jurisdiction over claims for exemption on account of employment in industrial or agricultural necessary enterprises. Nominees for boards proposed from forty-five States already have been sent to the President by the Provost-Marshal-General's office.

Unrest and Strikes Fomented by I. W. W. Now in Progress in Every State of the West

EYES OF NATION CENTER
ON WAR WITH AGITATORSEvery Branch of Industry Threatened
by Rapidly Growing Movement.

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, July 12.—The eyes of the nation are centered today on the West to considerable proportion after months of sporadic outbreaks from coast to coast for years. From the Canadian border to Mexico, civil, state and military authorities were alert tonight to suppress all disturbances.

Disturbances, fomented and organized by the organization and ramified by various branches of industry, carry with them in virtually every business a demand for higher wages. Officials in some states pronounced the movement on the production of supplies necessary to the conduct of the war, but while German influence and financial support were charged by some of them, no direct substantiation of these accusations could be had. Organizers of the I. W. W., especially in Arizona, were reported to be well financed, from sources unknown even to those well versed in the workings of the body.

MILITARY CENSORSHIP.
Military censorship, which repressed accounts of immediate occurrences in Arizona, still permitted a fairly extensive view of the general situation. Strikes were threatened in the copper mines of Arizona and Montana. They were threatened in the lumber districts of Oregon. Threats had been made to destroy the wheat fields of the Northwest, and the state of Washington appointed a committee to deal with the Industrial Workers' movement. Existing disturbances reached into Mexico.

FIRST-HAND REPORTS.
First-hand reports from Western states indicated the situation to be about as follows:
Arizona, Bisbee—Between 4,000 and 5,000 men on strike, sponsored by Industrial Workers of the World.
Globe-Miami district—About 7,000 men on strike. Troops on guard since July 5.
Clifton-Morenci district—Mine shut down by operators following favorable strike vote by about 1,000 men.
Jerome—About sixty I. W. W. members deported, and town at peace.
The strikers in Arizona were not all connected with the I. W. W. movement.

Nevada, State of Bonanza—Labor disturbances at Cannonsville, El Tirol and Nacozari, following visits from I. W. W. organizers from Douglas and Bisbee, Ariz.

Texas, El Paso—Three Industrial Workers of the World arrested in connection with alleged plot to blow up railroad bridge over the Rio Grande. The strikers in Arizona were not all connected with the I. W. W. movement.

Oregon, Marshfield—Lumber strike, interfering with production for army cantonments and wooden ships. Broken up. Eastern Oregon farmers actively organizing against I. W. W. propaganda, with threatened destruction of crops.

HAYWOOD DENIES I. W. W.
IS FINANCED BY GERMANYSecretary-treasurer of "Industrial Workers" Calls De-
portation from Bisbee an Outrage, Which the Attorney-
General of United States is Investigating—Can't Dig
Copper with Bayonets, He Says.

(BY A. P. NIGHT WIRE.)
CHICAGO, July 12.—W. D. Haywood, secretary-treasurer of the Industrial Workers of the World, tonight declared that the Attorney-General of the United States is investigating what he termed a "series of outrages against the I. W. W." and branded as absolutely false the rumors that German influence and German money are behind the copper mine strikes at Bisbee, Ariz., Butte, Mont., and elsewhere in the West.

"The deportation of I. W. W. members from Bisbee today was an outrage," said Haywood tonight, "and only one of the series. I want to say emphatically that German money, German influence, or wartime motives are behind the western copper mine strikes."
"All I want to say that the deportations will not affect the general situation. They cannot mine copper with machine guns or dig it with bayonets."

Senator Thomas of Colorado recently made the absurd statement that German influence was behind the movement. It is not German influence, but simply an effort to get living wages and just working conditions for our miners.

"The strike at Bisbee is, of course, in sympathy with the strike at Butte, Mont. The I. W. W. effort in the Metal Miners' Industrial Union, a component part of the I. W. W."
"There is no attempt, however, to tie up the copper mines of the United States just because we are at war. And there is no connection between the I. W. W. effort in the harvest field situation and the mine strikes, so far as I know. The mine strikes would have come at this time, war or no war. The cost of living has gone up and the demands for higher wages."

"As far as today's outrage at Bisbee is concerned, the men who were deported, were citizens of Bisbee. In fact, they were the men on whom

I. W. W.

(Continued from First Page.)

trolling the streets. Every male citizen is armed, some with a variety of pistols, revolvers and rifles.
The victims of today's activities were Owen S. McRae, member of the Citizens' Protective League and shift boss of one of the Copper Queen mines, and James Brew, a former employee of the Denn mine, which closed down the first day of the strike.
McRae was killed when Brew fired through the door of his room at McRae and several other men who were rounding up I. W. W. sympathizers. McRae, it is said, was unarmed. Brew fired several shots and then stepped out of his room. Three of McRae's companions fired at him and he fell, his victim, dying five minutes later.

Bisbee was quiet tonight. A censorship on telegraph and telephone service, which the day prevented authentic reports from reaching outside districts. The censorship, it is said, has been invoked by two army officers at Douglas. The ban on telegraph and telephone service at Bisbee and Douglas was not lifted until after 4 o'clock this afternoon.

One message was stopped after it had reached El Paso on its way to Denver, according to a transmitting telegraph company.

A dispatch giving facts concerning the deportation of men from Bisbee was filed at Douglas at 6 o'clock this morning, but was not delivered, the telegraph company officials said. Censorship had been imposed.

At 6:30 o'clock this morning a message giving facts concerning the deportations was filed at Bisbee, but was refused by telegraph company employees.

The organization new union encouraged by I. W. W. organizers.

Throughout the States the organization has been active. In Washington it is said hundreds of men ride the trains unmolested. Through Bisbee, Morenci, Jerome and other towns, the I. W. W. has been active. The work of deportation took almost exactly twelve hours.

The work of deportation took almost exactly twelve hours. Six men of the I. W. W. had participated in it, with few exceptions, had returned to their homes, put away their weapons and were going about their business in a normal way. The lack of greater disorder was believed to be due to the suddenness of the step and the excellencies of the organization, which preceded it.

Although the organized, armed citizens showed none of the characteristics usually attributed to a mob, a white kerchief about the arm was the badge of the armed citizens. They were stopped and questioned.
In the early stages of the "round-up," when several hundred persons had been marched to a square in the town, they were searched. Some of them were taken to the jail, and a few more boys pleaded to be released.

The prisoners were marched through the streets a machine gun, hastily mounted on the I. W. W. automobile, covered the marchers.
At the Warren baseball park several of the prisoners attempted to escape. They were shot and killed. The I. W. W. members of the World principles, but their voices were believed to be due to the suddenness of the step and the excellencies of the organization, which preceded it.

The only time the crowd stopped was when a white kerchief about the arm was the badge of the armed citizens. They were stopped and questioned.

MILITARY INTERVENTION
IS ASKED BY GOVERNOR.Dumping of I. W. W. on Neighboring
State Called Illegal by Campbell.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
PHOENIX (Ariz.) July 12.—Gov. Campbell has wired Gen. Parker at San Antonio, with a copy to Gen. Green at Douglas, asking military intervention in the Bisbee crisis. By private telephone he learned only that a thousand I. W. W. had been herded for deportation to Columbus, N. M.

"Whatever the reason," he says, "I cannot assent to the illegal capture of human beings and to their dumping on a bordering State, which has every right of protest in the matter. I cannot stand idly by in the matter and yet seem powerless to act, unless sustained by Federal troops. New Mexico's situation is just the same as that of California, where the I. W. W. were sent from Needles to Kingman. I have been unable to get either wire or telephonic communication with Bisbee since hearing the news, and thus am further handicapped. A censorship has been imposed. A dispatch giving facts concerning the deportations was filed at Bisbee, but was refused by telegraph company employees."

The Governor had reported from Jerome saying all was quiet there, with a full force of men at work in the mines and the radical element leaving the town. The reports indicated, was expected.
Asst. Atty.-Gen. L. B. Whitney has telegraphed the following to Sheriff H. C. Wheeler at Bisbee: "Wire this office immediately details leading up to deportation now taking place at Bisbee. By what authority of law you are acting."

At this time Bisbee is perfectly quiet, and should United States troops arrive on the scene there will be nothing for them to do. It is announced that all of the mines will resume operations tomorrow with about 10 per cent. of the force.

Every miner in Bisbee has not only expressed his willingness to work, but is eager to do so. Every known agitator and sympathizer with the I. W. W. has been deported from the camp.

At this time Bisbee is perfectly quiet, and should United States troops arrive on the scene there will be nothing for them to do. It is announced that all of the mines will resume operations tomorrow with about 10 per cent. of the force.

L. W. VAGRANT LAW
UPHELD IN KANSAS.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
TOPEKA (Kan.) July 12.—The Supreme Court has upheld the new law aimed to drive the I. W. W. out of Kansas. The law, passed last week, defined vagrants to include I. W. W.'s who refused to work when given a chance and provided that when convicted the vagrants should work out their fines on the county roads under the supervision of the Sheriff. Road work was made mandatory, the prisoner to be credited with \$1 per day on his fine for every day he worked.

The constitutionality of the law was questioned in a case brought in Chase county. The Supreme Court held the law valid and directed the sheriff to carry out its provisions to the letter.

The situation is such, Gov. Campbell said today, "that it is almost impossible for the State to handle it. The State has no troops at its command, the National Guard being in the service of the United States. It would be impracticable for me, at this time, to declare martial law, as I have no troops to enforce it."

"The situation is one for the Federal government to handle, and have notified the Federal authorities. I am waiting a reply to my notification and in the meantime am unable to do anything further from this end."

At this time Bisbee is perfectly quiet, and should United States troops arrive on the scene there will be nothing for them to do. It is announced that all of the mines will resume operations tomorrow with about 10 per cent. of the force.

Every miner in Bisbee has not only expressed his willingness to work, but is eager to do so. Every known agitator and sympathizer with the I. W. W. has been deported from the camp.

ROUND-UP OF I. W. W.'S
BEGINS IN WASHINGTONHarvest and Industrial Plants
to be Protected.

(BY A. P. DAY WIRE.)
WASHINGTON, July 12.—The round-up of the I. W. W. in Washington, and other parts of the country, began today to round up itinerant laborers who are moving through the country, and who are alleged to be endeavoring to foment strikes and prevent harvesting of crops. Three posses of deputy sheriffs were sent to the Cascade tunnels of the Great Northern, Northern Pacific and Milwaukee railroads with orders to take from trains all men standing aside.

At this time Bisbee is perfectly quiet, and should United States troops arrive on the scene there will be nothing for them to do. It is announced that all of the mines will resume operations tomorrow with about 10 per cent. of the force.

ANGELS SNORT THROUGH BEES.

Shutout Is Registered by Charley Hall.

Zeb Terry Goes Crazy with the Bludgeon.

Runs Scored in Bunches of Three Each.

BY HARRY A. WILLIAMS.

Our blood-curdling athletes continued to cut large swaths in the great national pastime. They defeated Salt Lake, 6 to 0, and now rank among the country's chief swiftness. This was their third straight win over the visitors and brings San Francisco within range of their heavy artillery. The Seals are now only five and a half games away and in danger of being completely invested.

Jean Dubuc offered some stern resistance, holding the Angels to seven hits, which sounds mild in these days of large-bore guns, but they reached their objective as early as the third inning of the drive. In addition to the maimed Dubuc party, they captured eight unwarmed prisoners.

Charley Hall, although bitious at times, and once on the verge of coughing up his lunch at third base, pitched well in the platoon and had providence pulling for him. A peculiar feature of his exhibition was that the more bilious he became the better he pitched. Killer is now hoping that an epidemic of biliousness will attack the entire staff.

It seems that Hall swallowed a quart of coffee at noon and called it a square meal. He felt all right for the first four innings; in fact, too good. He had so much on the ball that he could not control it. Then in the fifth, when running to third base, he stirred up the coffee and turned a deep sea green in the face. Coffee should not be stirred either before or after taking. Although he stopped at third and allowed the grounds to settle, the illness threatened to become violent.

Zeb blossomed out as a person, almost a wrecking crew operated along independent lines. He doubled to the left-field fence in the first, drove across the only run needed with a single in the third, and safetied again in the seventh. These things, with a sacrifice, enabled him to round out a perfect day. There was not a fly in Zeb's circuit, and he spoke, and he found none in his soup. Truly, a perfect day, with nothing but line drives.

They made their first bid in the third, when Hannah walked. Dubuc swung to right and Truck was thrown out by Meusel while trying to make the grade from first to third. Tobin singled, Dubuc taking second. Rath skied to Ellis. Both runners advanced on a wild pitch.

He is not the only man on the club who has hit safely in the last eleven games. Thus time is thinning the ranks of our eleven-day hitters.

Charley Fehr, C. Kenworthy, Gentry and other close students of baseball opined that it was a good thing Meusel aimed fire, as the average athlete is inclined to worry and slump with a record hanging over him.

They made their first bid in the third, when Hannah walked. Dubuc swung to right and Truck was thrown out by Meusel while trying to make the grade from first to third. Tobin singled, Dubuc taking second. Rath skied to Ellis. Both runners advanced on a wild pitch.

GIANTS LOSE TWICE.

(BY A. P. NIGHT WIRE.)
NEW YORK, July 12.—New York's pennant advance received a check today when the Giants lost their first double-header of the year, Cincinnati defeating them in two games, 2 to 1 and 5 to 1. Cincinnati won the first in a ninth-inning rally. The Reds pounded Peritt for ten hits, totaling seventeen bases in the second game.

HONUS MITZE TO BE PASSED ALONG.

President Darnody yesterday asked for waivers on Catcher Honus Mitze of the Tigers.

He took this action on the advice of Manager Stovall, and the latter will dispose of the catcher as he sees fit, in case waivers are granted. That Mitze will be obtained is said to be certain.

Darnody said it is probable that Stovall will offer Mitze to Dallas. "It would not surprise me if Patterson took Mitze, as he preferred him to Tub Spencer last season," said Darnody.

Mitze came to Vernon as part of the Helling-Hosp-Lit-schl deal in the winter of 1914. He managed the Oaks in 1915, succeeding the late Bud Sharpe.

WELL IN CHARGE OF ALL PERISHABLE FOOD.

Enormous Responsibility Given to Local Citrus Expert.

HOVER APPOINTMENT.

Mr. Powell, who has been in charge of the handling and distribution of all citrus fruits, as well as other perishable food, at the office of the California Fruit Growers' Exchange, has been named by Food Commissioner Hoover to be in charge of the distribution of all perishable food in the United States.

Mr. Powell is 44 years old and is recognized as one of the ablest organizers and executives in the country. He brings to his gigantic task a wealth of experience that peculiarly fits him for the work. It is understood that he will remain in Washington at least six months, or until the organization of a system of distribution is completed that will totally eliminate lost motion and make it possible to deliver perishable foods to the points where they are needed at given times, taking care that the nation's surplus is properly preserved or stored during the season when these particular foods are scarce and high.

Mrs. Powell received a telegram yesterday from her husband in Washington announcing that he has accepted the offer and will enter on his duties at once.

Three Hurt.

STRIKES THEIR AUTO.

Accident at Street Intersection Injured Woman and Girl When Trodley Car Which was Said to be Speeding Hit Motor Vehicle.

Traveling at a high speed, according to witnesses, Los Angeles railway car No. 5 yesterday afternoon crashed into the automobile of Roy Schieb of No. 310 Fort Moore place, and severely injured Mrs. Schieb and a girl friend, Miss Lois Drummond, 14 years old, of the Alhambra apartments. The accident occurred at First and Fremont streets.

Mrs. Schieb was treated at the Receiving Hospital by Police Surgeon Stockley for a fractured left arm, and severe lacerations and bruises. Miss Drummond was slightly cut and bruised, and suffered from concussion. Mr. Schieb was but slightly injured.

His Job is Second Only to Hoover's.

G. Harold Powell, General manager of the California Fruit Growers' Exchange of this city. According to an announcement made yesterday he has been named to take charge of the distribution of all perishable foods in the United States.

SPALDING WILL CONTEST SETTLED OUT OF COURT.

Internationally Famous Fight Over Millions of Late Sporting Goods Magnate Adjusted and Keith Withdraws His Case—He Gets Five-twelfths and the Widow Seven, According to Lawyers—Both Sides Pleased.

THE contest of the will of Albert Goodwill Spalding, the sporting goods magnate, has been settled out of court, and an order of dismissal was granted yesterday by Superior Judge W. A. Sloane in San Diego. The hearing of the petition of Mrs. Elizabeth Spalding, the widow, named as executrix in the will, is to be heard this afternoon before Judge Sloane.

The case, which has become internationally famous, was begun September 9, 1915, by Keith Spalding of Chicago, son of A. G. Spalding. Keith was named as the sole beneficiary of the estate of the late Albert Spalding, who died in 1914. Keith was a member of the Spalding family, and the case was carried on by his uncle, Walter H. Spalding, administrator of the estate.

By the will, which was contested, the bulk of the estate, valued at about a million and a half, was given to the widow, Mrs. Elizabeth Church Spalding. This gave her much of the stock in the famous Spalding Brothers Company.

Keith Spalding instituted the contest, alleging undue influence exercised over Mr. Spalding by his widow and by Mrs. Katherine Tingley, leader of the Theosophical Society at Point Loma, of which Mr. Spalding was a member. Keith Spalding alleged that he had always been understood that he was to take his father's place in the sporting goods firm at his death, and it was this point over which the fight was to be made.

An order of dismissal of the contest was made before Judge Sloane and granted on motion of Eugene Daney and Joel W. West, attorneys for Mrs. Spalding. It was stated that Keith Spalding and W. H. Spalding, by written stipulation filed in court agreed that the contest of the probate of the will be dismissed and that the court proceed with the probate of the will on motion of Mrs. Spalding.

Attorney Daney stated that the settlement was private, but that all parties concerned are happy over the arrangement. The contestants were represented by John Barrett of San Francisco, Luce & Luce, and Wadham & Mulkett of San Diego. Attorney Eugene Daney and Joel West represented Mrs. Spalding.

The preparations for the trial have covered a period of two years and the case was set for a year for trial. Bulkly depositions had been obtained by the attorneys for the contestants in San Diego, New York, Boston and abroad. A lengthy deposition was taken from Mrs. Tingley, the taking of which occupied nearly six months as a year for trial.

Keith Spalding's deposition had been obtained by the attorneys for the contestants in San Diego, New York, Boston and abroad. A lengthy deposition was taken from Mrs. Tingley, the taking of which occupied nearly six months as a year for trial.

MUSTY TICKET REAL PUZZLER.

Refund Refused on Ticket Un-used After Thirty-two Years.

The local office of the Pacific Coast Steamship Company won a decision yesterday in perhaps the oddest dispute in local traffic records.

Blaine Walker of No. 1001 North Figueroa street, some time ago, presented a ticket purchased by his mother, Mrs. B. B. Paner, on March 4, 1885, and asked for a refund. The transportation was issued by the Pacific Coast Railway Company and was for cabin passage from Port Harford (now Port San Luis) to San Francisco.

M. F. Cropley, local manager of the steamship company, referred the matter to his superiors and eventually the Interstate Commerce Commission was sought. Its ruling, returned yesterday, was that present rules do not indicate the fare charged thirty-two years ago and that the Pacific Coast Steamship Company, which once operated the Pacific Coast Railway Company, is not liable for a refund, especially as the statute of limitations applies.

FAIR HANDS TO HANDLE FARES.

Women Conductors on All Red Cars this Year.

Shortage of Labor Forces it, Says Official.

Alleged Jitney Bus Slackers Lose Licenses.

Because of scarcity of labor, the Pacific Electric Railway Company expects to be compelled to employ women exclusively as conductors on all of its cars before the first of next year. This statement was made yesterday by Frank Karr, attorney for the company, at a hearing before the Board of Public Utilities.

The attorney and General Manager McMillan appeared before the board in response to a request that they show cause why the company should not improve its local car service. The officials said they were glad of the opportunity to discuss the question with the board and they would like to make it plain that the company intends to give the best car service possible under existing conditions.

Mr. McMillan said it is the determination of the company to please the people and give them whatever service conditions warrant. If more cars are a necessity he said they will be provided and if there are any other needed improvements the company can be depended upon to do its part.

Attorney Karr laid stress upon the fact that labor is getting more scarce every day because of the war.

MODISTE SUMMONED.

Illness of Nine Days Forces Fatal to Mme. Louise G. Potts, for Thirty Years a Resident of This City—Active in Church Work.

Mme. Louise G. Potts, 63 years old, well-known modiste of this city, died at her home, No. 4842 Oakwood avenue, last evening after an illness of nine days. Funeral services will be conducted at the Temple Baptist Church tomorrow afternoon. Burial will be at Inglewood.

Mme. Potts, whose place of business was at No. 512 South Broadway, was well known in business, social and church circles. She was a woman of broad sympathies and tremendous energy, whose time was devoted to the charitable and religious activities of the Temple Baptist Church, of which she was a prominent member. She has been a resident of this city for thirty years. She was widely traveled and was known in New York and Paris, having made trips abroad regularly for a number of years.

She leaves three sons and one daughter, Amos H. Charles A. George G., and Miss Ellen Ruth Potts.

WANTS DRYING PLANT.

Home Garden Committee Urges Advantages of Securing Dehydrating Plant Here to Handle Surplus Vegetables Raised on City Lots.

The Home Garden Committee is endeavoring to interest private capital in a dehydrating or drying plant for the purpose of conserving the surplus products of the home gardens of the city. The plan of operation, as outlined in a communication to the City Council by Luther G. Brown, is as follows:

The producers of vegetables are to deliver their products to the plant, and receive credit for the same, and when the produce is sold the amount is to be paid in cash, less the expense of handling the product. Mr. Brown suggests that if private capital cannot be secured, the plan may be worked out on a co-operative basis.

It is pointed out that this plan works well in Europe, and is also being put into practice in some of the Eastern states, where the dehydrated products are in good demand.

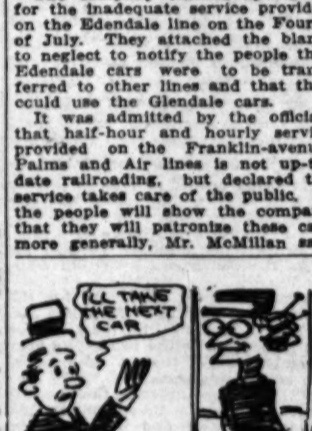

Mr. Brown hopes to induce private capital to take up the project, but if he fails in this plan, he will propose that the City Council appropriate sufficient funds to build such a plant for the purpose of conserving the immense quantities of vegetables that may be preserved by this process.

and said it is probable that the public will have to adjust itself to an unusual condition before the end of the year. In this connection he said plans are being considered now for employing women conductors, and they no doubt will be collecting all of the nickels by next January.

The company officials apologized for the inadequate service provided on the Edendale line on the Fourth of July. They attached the blame to neglect to notify the people that Edendale cars were to be transferred to other lines and that they could use the Glendale cars.

It was admitted by the officials that half-hour and hourly service provided on the Franklin-avenue, Fairmount and Air lines is not up-to-date railroad, but declared the service takes care of the public. If the people will shy the company that they will patronize these cars more generally, Mr. McMillan said.

there will no argument over increasing the service.

Mr. McMillan said he had made an investigation of complaints concerning service on the sixteenth-street line and denounced them as absurd. He said no line in the city gives better service. The board arranged to have the complaints meet the officials at a later date.

The board revoked the permits of a dozen jitney-bus drivers, who had sworn they were of legal age and who later were arrested by Federal authorities because they had not registered for war service.

The board prepared a communication for the Council asking that an ordinance be enacted making it a misdemeanor for autolists or other drivers to run into railroad crossing gates or under them.

HER PHOTOS BARRED.

Girl Who Objected to Her Picture Being Used in an Ad for Chair Company, Withdraws Damage Suit when Promised no Further Offense.

Miss Adele Burdorfer awoke one morning to find her photo being used to advertise a new portable arm-chair adjuster. She did not like the publicity and she brought action to recover \$40,000.

Yesterday the suit was dismissed in Judge Shenk's court by stipulation. The defendant company agreed not to publish or print any further pictures of Miss Burdorfer, and the latter agreed to dismiss the action.

Miss Burdorfer, who is 17 years old, claimed that she had a secluded life and that when her picture appeared she was gazed at and ridiculed with ridicule and contempt and was caused annoyance by the public. Friends, she said, joked, laughed and scoffed at her.

FRONT! TWO "EYEBALLS!"

Orders for Coughman Drinks Nearly Scarce Bell Hop to Death.

"Jack" Roberts has lived all his life in a bone-dry territory. This explains his ignorance of common drinks. He arrived yesterday at the Adelphi in the capacity of a bellhop. His former home was in Oklahoma, Tulsa to be exact.

One of the first errands on which he was sent was to answer a call from an Englishman guest. A few minutes later he returned to the desk with a startled expression.

"There's a crazy guy in the room you sent me to," he informed Clerk Selby. The latter inquired into reasons for such an assertion.

Why, look what he wants me to get! The young man threw down a card on which he had written "Two eyeballs."

That Official's Office will Guide Supervisors' Actions.

Accounting of the \$10,000 appropriation received by Dist. Atty. Woolwine for the Schmidt and Caplan trial will remain in statu quo until Mr. Woolwine returns. This the Board of Supervisors agreed upon yesterday. In the language of Supervisor Norton, "The \$10,000 must be accounted for." The language Mr. Woolwine will use remains unrevealed. This topic is an old sore.

The board went on record yesterday as making the County Counsel the legal eye of that department. He was requested to furnish the board with a complete statement of the requirements of the law and the duties of the board and its members in every particular. The County Counsel also will call the attention of the board to all changes in the law affecting the conduct of county business.

COUNTY COUNSEL SELECTED.

Several months ago, while recovering from a long illness, it was testified, Mrs. Bard became addicted to a more or less extensive use of sedatives and narcotics. Because of her weakened condition, it was thought advisable to place her in a sanatorium, where the most efficient attention could be provided. It is one of the provisions of the State Board of Pharmacy that persons accepting treatment in these institutions shall be listed as receiving opiates.

Several weeks ago, Mrs. Bard left the sanatorium, completely relieved of any habit, according to the witnesses. Last week she had an acute attack of an ailment requiring surgical attention. She came to this city from her Ventura home, registering at the Alexandria Hotel. Her family surgeon was absent, and she sought the aid of Dr. Samuel Linceo to relieve her suffering until surgery could effect a cure. It was declared necessary for her to have rest in a temporary relief. Agents of the State Board of Pharmacy subsequently arrested her in her rooms at the Alexandria.

The arresting officers were Roy Jones, Tom O'Brien and J. Lacher. Mrs. Bard was taken to the psychopathic ward of the County Hospital for observation. There she proved to the observers, the latter testified, that she is not addicted to the use of drugs. Her unusual habit and

UNDELIVERED TELEGRAMS.

French, Mrs. Graham, Elsie Hyland, N. W. Humble, C. E. Hopkins, Harry Hall, Lloyd M. Lewis, Charles Long, Jack Morris, W. T. McLeod, M. W. Morgan, Charles T. Morgan, L. E. O'Brien, Fann & Buell, Pacific Tuna Canning Company, Mary E. Randall, G. W. Schulz, Mrs. Sally G. Spring, R. W. Sloane, George Tokich, Miss Martha Woods, S. A. Wilson, H. H. Winters, at the Post Office, for Mrs. Theodore Olson, L. E. Wise, Leonard D. Hollister, R. L. Howell and a cable for Mason Abbott.

MRS. BARD IS GIVEN LIBERTY.

Officially Freed of Stigma of Using Drugs.

Judge Reeve Says Her Arrest was Bad Mistake.

Dr. Lucey Arraigned; Says He's Not Guilty.

Mrs. Thomas Bard, daughter-in-law of the late United States Senator Bard, came to Los Angeles from her palatial country home to be cured of a minor ailment, and instead became the victim of a drug raid. Yesterday she was declared absolutely free from the drug habit by Superior Judge Reeve and the medical board at the County Hospital. She was taken to her home by Mrs. J. G. McCracken, parole officer.

The unhappy plight in which Mrs. Bard has been exposed to much comment, the court declared to be the result of a singularly unfortunate series of incidents. This statement followed testimony introduced at Mrs. Bard's hearing in the psychopathic ward yesterday. It may be made the subject of some investigation, as the facts appear to be conflicting.

Several months ago, while recovering from a long illness, it was testified, Mrs. Bard became addicted to a more or less extensive use of sedatives and narcotics. Because of her weakened condition, it was thought advisable to place her in a sanatorium, where the most efficient attention could be provided. It is one of the provisions of the State Board of Pharmacy that persons accepting treatment in these institutions shall be listed as receiving opiates.

SALT LAKE AND ESPEE INTO SINGLE LUG.

William Sproule, E. E. Calvin, ex-Senator Clark, H. V. Platt and Others Discuss Proposal and Indicate its Probability in Near Future—Will Eliminate Many Grade Crossings and Better Travel Facilities.

CONSOLIDATION of the Southern Pacific and Salt Lake passenger terminal facilities was discussed at a conference yesterday between President William Sproule of the Southern Pacific; ex-Senator William A. Clark of the Salt Lake; E. E. Calvin, president, and H. V. Platt, vice-president and general manager of the Union Pacific and a number of other rail officials in this city.

The consolidation will eliminate many grade crossings by bringing the Salt Lake trains in on this side of the river, as well as providing better depot arrangements for the road. A number of the principal officials attending the conference admitted that the deal is practically assured. Further, it was intimated that the coming hearing on the mat-

ter of union passenger terminal facilities at the Plaza hastened the proposed changes.

"We are not ready at this time to go into a station," said President Sproule. "The Southern Pacific has spent more than \$1,000,000 for its new depot and sheds at the heart of the local Chamber of Commerce, Merchants and Manufacturers and numerous other civic bodies and organizations. Altogether, we have more than \$5,000,000 invested in our present yards, warehouses and other facilities grouped about the depot.

"It is not quite fair to expect us to pull up stakes so soon after accomplishing the improvements we have made. The Salt Lake could well be taken care of in the new station and it would mean bringing the tracks of that road across the river."

When asked about the possibility

FAIR SLEUTH'S POCKET PICKED.

Woman Detective Robbed by Member of Her Sex While Others Looked On.

While two other women detectives watched her, Mrs. Mary Kennedy is charged by the police with having picked the pocket yesterday of Miss Kull, an operative of the Nick Harris Detective Agency, who was watching suspected shoplifters in a Broadway store. The loot was 24 cents.

Mrs. Kennedy, who lives at No. 1513 East Twenty-first street, was arrested by the Misses Pennypacker and Williams, also of the Harris agency, who say they saw the act.

LABOR BARKER
HELD AS A SPY.Karl Offer, Agitator, Must go
to Ellis Island.Accused of Many Pro-German
Actions in South.Bride from Whom He is
Parted Seeks in Vain.

Accused of pro-German activities at several Southern California points, Karl Offer, reported by himself to be an aviator in the German army with the rank of captain, is in the City Jail at San Diego. He was arrested yesterday on a warrant issued from the office of Atty.-Gen. Gregory at Washington, and will be removed within a day or so to Ellis Island.

Offer, last August, married Miss Hunkles James, prominent in social circles in the East, and who was in San Diego, after a sensational mid-night escape. Several damage suits are pending as a result of this affair.

Deputy Marshal W. C. Carra arrested Offer early yesterday at his apartment at the Hawthorne. He had been under surveillance of Federal agents for several months owing to his association with different persons who subsequently were locked up as spies. He has been prominent in the labor agitation that recently stirred San Diego and which involved the Longshoremen's Union, electrical workers and Pacific Steamship Company. This dispute is now being adjusted by Capt. Charles T. Connel, immigration agent in charge, under orders of the Department of Labor.

Offer sought affiliation with the San Diego unions in the hope, it is said, of creating trouble that would be detrimental to the government's plan for handling coal for naval vessels at that harbor. He is said to have been very active in discouraging army enlistments, taking Germany's part unflinchingly and narrowly escaping a drubbing at the hands of loyal San Diegans. When orders were issued allowing permits for alien enemies to come within a half-mile of the coast, Offer applied to United States Marshal Feltner, but inasmuch as his request did not conform to the rules laid down by the War Department, it was refused.

Offer asserted he was interested in several ranches near San Diego and wanted the right to go as he pleased from one place to another on the highway, all on the one permit. After he had been told that the law contemplates a single place of residence or business, Offer applied to the Attorney-General, who ruled that no permit would be granted for him to cover half a dozen points. The suggestion is that the man wanted to operate on a large area so as to be safer from arrest.

About two years ago Offer arrived in San Diego from Kiao Chow, after that city had been captured by Japanese and British forces and in whose defense he had fought. He was released by the Japanese with the understanding that he would take no further part in the war. At San Diego, Offer secured a concession at the exposition and sold fine jewelry of German make. Later he bought considerable property along the Mexican border, but for what purpose is not disclosed. He lived part of the time at the U. S. Grant Hotel and always seemed well supplied with money. After the declaration of war upon Germany, Offer tried to gain entrance to the North Island aviation school, but was stopped by a corporal who recognized him from his plane pasted in a telephone booth at the island landing. Only recently he published in English over his own name a heated reply to a speech of Senator E. E. Hawley of San Diego, in which he denied German sympathies and attacked the legality of the conscription law.

When arrested, Offer was occupying apartments several blocks removed from those occupied by his wife, from whom he recently separated. The latter tried to see him in jail, but he is held incommunicado to every one, and will not be allowed bail.

Carl von Weidow, the German missionary worker, suspected of being a spy, was yesterday held to answer in the Superior Court on a charge of having stolen articles at the home of Mrs. Bertha Kettwitz, No. 255 Belgrade avenue, Huntington Park, last March. Physicians believe he is mentally irresponsible. He recently escaped from the County Hospital and was rearrested at San Diego with the stolen goods in his possession.

UNDETAKEE DIES.

Dexter Samson, Thirty Years Hero, is Called to Rest.

Dexter Samson, No. 1433 South Wilton place, a pioneer undertaker of this city and a veteran of the Eighty-first New York Volunteers, died early last evening at the California Hospital, at the age of 72. He had been a resident of this city for thirty years. He leaves a widow, Mrs. Cora Samson. The burial service will be at the chapel of Peck & Chase, tomorrow afternoon at 2 o'clock.

COMMUNITY CONCERT.

In view of the popular approval of a recent similar affair, a second community concert will be given at 8 o'clock Sunday afternoon at Exposition Park. "All the people singing" will, as heretofore at these events, be the keynote of the occasion. The program will give a program in connection with the affair. The last concert was attended by about 3000 people.

JAP INTERFERENCE IN CHINA DENIED.

(BY PACIFIC CABLE AND A. P.)

TOKYO (Monday) July 9 (Delayed).—In the diet today Viscount Motono, Foreign Minister, said he failed to make the unqualified declaration that Japan had nothing to do with the attempt to restore the monarchy in China. Regarding the European war the Foreign Minister said it was impossible to settle what development might come and that Japan must be united in aiding in attaining victory.

Charles Chrysler.

Beneficiary under the will of Charles Groger, which is being attacked as a forgery.

Given Liberty.

(Continued from First Page.)

robust denial of the habit attracted the attention of Superior Judge Rees, who at once declared his doubt of the virtue of her arrest. Yesterday, in releasing Mrs. Bard, Superior Judge Rees said: "A very great injustice has been done Mrs. Bard. She is the heroine of a singularly hard struggle to free herself of an old habit, and now that she has conquered, it became her ill fortune to be made the victim of a sinister coincidence. Mrs. Bard does not use a drug, and has not used it for many weeks. I keenly regret a more thorough investigation was not made before she was arrested, as I consider the case one of the most unfortunate and the most unnecessary in my experience with the psychopathic ward."

Charged with subscribing narcotics to a habitual user, Dr. Lucy yesterday afternoon appeared before Police Judge Richardson, entered a plea of not guilty, and waived a jury trial. He will be tried the 24th inst. by Police Judge Crawford of the University Police Court. The State Board of Pharmacy, was represented by Attorneys Frank S. Hutton and Leo Silverstein. Dr. Lucy was represented by Attorney George Greer. The defense stated yesterday that the trial will take some time, as it is intended to subpoena thirty-five physicians to testify in Dr. Lucy's behalf.

Drs. Alvin and Hobart Shattuck entered a plea of not guilty yesterday afternoon before Police Judge Richardson, on like charges. Their trials were set for September 17 and 18, before Police Judge Chesbro.

Have to Hurry.

MONDAY LAST DAY TO TRY FOR THE CAMP.

LOS ANGELES OFFICE WILL BE OPEN SUNDAY.

All Applicants for Second Training School at Presidio are Urged to Complete Their Filings for Admission at Earliest Possible Moment, to Avoid Final Rush.

The War Department has issued orders to the Executive Committee for Southern California of the Military Training Camps Association notifying it to instruct all local committees in Southern California having charge of the examination of applicants for the second training camp at the Presidio, to receive applications on Monday.

This gives one more day than was previously allowed to secure the recruits, and it is important to the local forces, as it enables the precinct inspectors to complete their work in a more satisfactory manner.

The office of the Los Angeles local committee will remain open Sunday for the purpose of receiving applications and examining applicants, but all applicants are urged to complete their filings at the earliest possible moment, so that a rush at the last may be avoided.

CIVIL SERVICE JOBS.

The Civil Service Commission of Los Angeles county will hold examinations this month for candidates for the positions of matron of Juvenile Hall; foreman of pruners, foreman of sprayers and foreman of fumigators, horticultural department; messenger, assistant to the director of vocational education, department of Superintendent of Schools; law library assistant. Information regarding times of examination, salaries paid, etc., can be secured by addressing the Los Angeles County Civil Service Commission.

PIER DISASTER SUIT SETTLED.

Long Beach Finally Agrees to Give Seven Thousand to Injured Woman.

One of the many suits against the city of Long Beach growing out of the Empire Day disaster, May 24, 1913, was settled in presiding Judge Finlayson's court yesterday.

The action was brought by Louisa Elizabeth Rice, who was injured when the auditorium at the city of Long Beach collapsed. She sued for \$50,000 damages. The case was settled and judgment given for \$7000.

The trial of the other suits has been set for August. The damages sought total more than \$1,000,000.

SAY SIGNATURE IS A FORGERY.

Second Cousins Attack Will of Former Actor.

Bequest to His Friend Makes Him Sole Beneficiary.

Handwriting Expert is Chief Witness in Case.

A fortune depends on the decision of Judge Rives of the Probate Court in the contest to revoke the probate of the alleged will of Charles W. Groger, former actor, who died in the County Post House April 21 last. The will is attacked by the second cousins of Mr. Groger, on the ground that the signature is a forgery. In order to show this, other documents were introduced purporting to have been written by the actor, but which the contestants claim, through Milton Carlson, handwriting expert, were written by another hand. No one is named as the forger.

Charles Chrysler, executor under the will, introduced evidence to show that Mr. Groger penned the signature to the will. Enlarged photographs of the will and other documents figure in the trial, which may depend on whether a person's handwriting is different through drink, illness or stress of emotions, also if pencil instead of ink will leave a mark on paper.

Mr. Groger became acquainted with Mr. Chrysler at the Olive Bar, South Olive street. The acquaintance ripened into intimacy. While Mr. Groger was ill he wrote his will, sealed it in an envelope and gave it to Mr. Chrysler, whom he called his true friend, with the injunction to keep it and not open the envelope until after his death.

Mr. Chrysler testified to this effect yesterday. He said he observed his friend's injunction and was surprised to find that he had been given the envelope.

Opposed to him was Mr. Groger's former wife, Clara E. Groger, who testified that it was not the writing of her husband. Charles W. Groger was J. G. De Witt, 33 years young, who manufactured the first trial by the Bell telephone system. This was in 1912. His wife is living at the age of 72. They have been married for fifty-one years.

The contestants are Lewis H. Withey, a second cousin, and president of the Michigan Trust Company; his brother, Charles R. Withey; Frank and Fred Groger, Carrie Alderdyce, Laeto G. Croyes, Emmeline G. Musgrave and Irene G. Rundell.

Shannon and Kolb represent the contestants. Nolan and Austin are counsel for Mr. Chrysler.

Odd.

GETS LIFE TERM; HE THANKS JUDGE.

SLAYER OF WIFE AND BABY IS SENTENCED.

Attorneys Say William Bricker has Peculiar Mental Twist, and He Proves it by Asking Leave to Express Appreciation of Leniency Shown Him.

Because of his peculiarities, William Bricker, who was sentenced yesterday to life imprisonment by Judge Willis for the murder of his wife, used to be called "Dr. Jekyll and Mr. Hyde" by his employer. There was some showing of his peculiar mental condition on the part of attorneys Frank Dominguez and W. H. Dehm, counsel for Mr. Bricker. This caused Judge Willis to state yesterday that under the circumstances it would have been difficult to obtain a conviction by a jury.

Mr. Bricker cried as he was led from the courtroom by Bailiff Lupton. "Can't I thank the judge for the leniency he showed?" he asked Mr. Lupton, used to be called "Dr. Jekyll and Mr. Hyde" by his employer. There was some showing of his peculiar mental condition on the part of attorneys Frank Dominguez and W. H. Dehm, counsel for Mr. Bricker. This caused Judge Willis to state yesterday that under the circumstances it would have been difficult to obtain a conviction by a jury.

DEMURRER FAILS.

Automobile Man Must File Answer to Dancer's Lost Love Action.

Harry C. Reynolds, a Tucson automobile man, who is charged with winning the affection of Mrs. Ida L. Widner, who was formerly a Tucson dancing master, failed in Superior Judge Jackson's court yesterday to knock out Mr. Widner's complaint on a demurrer to Mr. Reynolds' \$100,000 lost love suit. This will require Reynolds to answer to be made. Mr. Reynolds is alleged to have presented Mrs. Widner with flowers and to have accompanied her when she came to Los Angeles.

TO STOP PROSECUTION.

Accused County Officials Say Superior Court Hasn't Jurisdiction.

An application for a writ of prohibition to stop proceedings against them, Arthur Keetch, representing Mr. Hunt, and Attorney Edwin A. Meeserve, representing Mr. Lewis, it is claimed that the Superior Court has no jurisdiction to hear the case.

MAY DROP TWO OF ITS TRAINS.

Santa Fe is Authorized to Curtail its Service to San Diego.

The Santa Fe Railroad was yesterday authorized by the State Railroad Commission to eliminate one train a day each way between Los Angeles and San Diego. Train No. 76, leaving Los Angeles at 7:30 a.m. and arriving at San Diego at 11:30 a.m., and train No. 77, leaving San Diego at 6:10 p.m. and arriving at Los Angeles at 10 p.m., will be discontinued. The order will become effective on five days' notice to the public. It was originally proposed to discontinue train No. 75, leaving San Diego at 3 p.m. and arriving at Los Angeles at 6:30 p.m., but this was abandoned, and train No. 77 discontinued instead. Santa Fe officials could not state last night when the order discontinuing the trains would go into effect.

Pitiful.

SHE SUES DAUGHTERS.

Aged Woman Brings Legal Action to Compel Children to Support Her, Alleging They Have Ample Income to Afford Her This Relief.

Mrs. Charlotte Johnson, 85 years old, made her three daughters, Clara Nelson, Matilda Melested and Selma Stanley, and L. E. Nelson, husband of Clara Nelson, defendants in a suit for support and maintenance yesterday. She has been supported for some time by Mrs. Stanley, but she alleges the latter has exhausted her property and means of maintenance and is unable to care for her.

Mrs. Nelson, it is alleged, owns property in this county from which she derives an income of \$100 a month, while Mrs. Melested has an income of \$100 a month from her property. They have the ability, Mrs. Johnson claims, to pay her for the short time she has to stay on earth.

Portals

Of Infection

Drain-pipes which empty into cesspool or sewer, drains of kitchen-sink and toilet, bath and wash basin are open portals for the invasion of dangerous diseases.

Typhoid and other intestinal maladies, and all the ills incident to sewer gas, constantly menace the home where drains are not kept in a sanitary condition.

Germs multiply by millions in the nooks and elbows of these pipes, especially when the plumbing is old. Lysol disinfectant kills all disease germs. Use it in scrubbing water, sprinkle sinks with it (it cannot stain the colors); use it daily in sinks, toilets and cesspools; you will then make a better fight against disease than it can possibly make against you and yours.

Lysol Disinfectant

There is but One True Lysol and that is the product made, bottled, signed and sealed by Lehn & Fink. Buy only in original yellow packages. Complete directions with every bottle. Three sizes: 25c, 50c, & \$1.00. Sold everywhere.

Lysol Toilet Soap

Contains Lysol, and therefore protects the skin from germ infection. It is refreshingly soothing and healing when used for improving the skin. Ask your dealer. If he has none, ask him to order it for you.

Lysol Shaving Cream

Contains Lysol, and kills germs on razor and shaving-brush (where germs abound), guards the skin from infection, and gives the antiseptic shave. If your dealer has none, ask him to order a supply for you.

OUR SIGN IS OUR BOND.

SAYS IT'S GOOD MOVE FOR CITY.

Harbor Commissioner Approves Settlement.

Will Permit Espee to Make Improvements.

Officials Confer with Harbor Chamber of Commerce.

Christopher Gordon, president of the Board of Harbor Commissioners, City Clerk Wilde, Deputy City Attorney Leach, Engineer Ludlow and Assistant Engineer Merwin visited the harbor district yesterday, and conferred with members of the San Pedro Chamber of Commerce concerning charges that have been made by Dr. Randolph W. Hill, Dr. Hill's contention is that the city is not receiving sufficient compensation for the settlement of the litigation with the railroads over lands at the harbor.

Mr. Gordon told the citizens of the harbor district yesterday that he believes the settlement of the litigation is a good move on the part of the city, and that although the municipality gets a revocable permit for the outer harbor boulevard, this is not against the city's interest, for the reason that this permit can not be revoked unless the city should cancel the right of way or leases given to the railroads.

The statement was made by Mr. Gordon that, now that the litigation with the railroad has been settled, this will permit the Southern Pacific to make improvements that will enable it to make wharf deliveries of freight.

Mr. Hill has charged that the ordinance providing for the settlement of the litigation was passed secretly by the old City Council, and that it had put through a deal that was in the interests of the railroads and not sufficiently fair to the municipality.

Former Harbor Engineer Jubb, who was let out several months ago, opposed the compromise, declaring that he believed the interests of the outer harbor were not sufficiently protected. He stated yesterday that he had laid the subject before the members of the Harbor Committee of the Los Angeles Chamber of Commerce several weeks before Jubb's ordinance was adopted, but that the ordinance was adopted without the harbor committee being given an opportunity to pass upon it.

FRIVOLS.

MAE MARSH FEATURED.
"POLLY OF CIRCUS" TO BE FIRST GOLDWIN RELEASE.

By Grace Kingsley.

The cornish which has characterized the Goldwyn Pictures Corporation regarding announcing its releases has now disappeared, and that organization at last makes known its plans.

Goldwyn will start upholding its claim before the world September 1, with the showing of "Polly of the Circus," Mae Marsh in the leading role. The film is a screen version of Margaret Mayo's well-known play in which Ida St. Leon made a big hit here at the Burbank a few seasons ago.

Four other Goldwyn pictures are ready for the market, and by September 1 it is expected a dozen additional will be ready.

Essentially charming. That's the way Martha Hedman, leading woman of "The Boom-Boom," will strike you, 'tis said, upon her appearance in that comedy comedy next week at the Mason.

PURCHASES DIDN'T AID THE RED CROSS.

ALLEGED OPERATOR OF FAKED GAME IS CAUGHT.

Scheme was to sell tickets on Automobile Race at Long Beach. The money was to go to the Organization for Mercy's Work.

Three hundred persons, who believe they have aided the Red Cross campaign by generously purchasing chances in an automobile race, will learn, through the arrest yesterday of Charles Coffey, that they have been victims of an alleged bunco game.

Coffey, with over 100 fake race tickets in his pockets, was arrested by Detective Herman Cline and Ed Hickok on a charge of obtaining money under false pretenses. He is said to be the agent whom every officer in the police department has been seeking for more than a week.

Thus, the Red Cross people appealed to the police when it was learned that an agent was soliciting funds for the Red Cross. The Red Cross campaign in the name of the Red Cross. His game was to sell chances on an automobile, to be raffled off. The tickets varied in value from 50 cents to \$10. The proposition appeared so safe that even a police officer, Jack Mart, was duped out of \$10.

Every officer on the force was given a description of the man believed to be the fake agent. Yesterday, while attempting to solicit funds from a citizen at Seventh street and Santa Fe avenue, the detectives were quietly notified and the arrest followed.

Coffey admitted the detective that he had no automobile and that he was operating a bunco game. He has been arrested before on similar charges.

PRIEST IMPOSTER GETS YEAR IN JAIL.

ORLEANS (France), June 30.—A soldier named Talliehois has been sentenced by court-martial to a year's imprisonment and 250 francs fine for impersonating a Catholic priest and swindling Catholics. Talliehois is not a Catholic himself. He assumed the name of Father Henry, gained the confidence of a number of priests and parishioners of Orleans, and the surrounding country, officiated in several churches and chapels, heard confessions, administered communion to many converts, all the while receiving money for masses and for charitable objects. His downfall came from an attempt to preach in a church at St. Jean in Blanc. The cure of the parish, who had been told by Talliehois that he was a priest, was not altogether Catholic and asked for information regarding the wandering priest from Mon. Glibier, bishop of Versailles, who exposed the swindle.

SERIOUS JUVENILE CRIMES IN ENGLAND.

LONDON, June 30.—The serious increase in juvenile crime is being brought to the notice of the Home Secretary by various societies interested in child welfare. The establishment of juvenile courts to deal with young offenders had good results before the war, but opportunities for running wild since fathers and big brothers have come from the front, and the surrounding country, has been seized by the rising generation. It is stated that three remand homes are full of criminals sent from various London courts, including the Tower bridge gang of robbers, whose ages scarcely reached double figures, and the leader of the "clutching hand" band, who is barely 15 years old. These two bands of young ruffians have been responsible for the purchase of pistols, knives, torches and swords.

INVESTIGATE LABOR UNREST.

LONDON, June 30.—A commission has been appointed by the government to investigate the labor unrest prevailing throughout the country and to ascertain the cause of strikes.

GERMAN SUBMARINE SINKS JAP SHIP.

YOKOHAMA, June 30.—The Nippon Yusen Kaisha steamer Miyazaki Maru, Yokohama for London, which was sunk by a German submarine in the English channel last month, was the first Japanese merchantman to receive defensive armament. She carried no guns, and was in charge of four naval noncommissioned officers.

The Miyazaki Maru is the nineteenth steamer of this line, and is to be sunk by submarines. The company carried about \$1,250,000 worth of goods, and its cargo. About 90 per cent of the insurance will be refunded by the government, in accordance with the war-time insurance law.

Salt Lake and Espee

of making the new Southern Pacific station the terminal of all electric interurban lines, Mr. Sprague said it must be located much nearer the center of active business, he said.

Mr. and Mrs. Calvin have just come from American Lake, the can- tonment site in Washington, where Frank Calvin, their 19-year-old son is a private in one of the engineering corps.

ZAPATA EXECUTES UNLUCKY EMISSARY.

ENRIQUE BONILLA FAILED IN HIS MISSION.

MEXICO CITY, June 30.—News of the execution of Enrique Bonilla by order of General Emiliano Zapata, the bandit chief operating in the State of Morelos, for whom he was an unsuccessful emissary to the Federal government, has been received here.

Bonilla, a well-known newspaper man who espoused Zapata's cause at the time of the Agraristas' convention, and who has been with the bandit since that time, recently presented himself to the government military commander at Puebla and to treat for the surrender of the Zapata forces. He was given safe conduct to Mexico City, where he had a brief interview with Gen. Pablo Gonzalez, who had been in charge of the government campaign in Morelos.

Bonilla asked audience with President Carranza, but it was discovered that he had no credentials which would enable him to act for the rebel chieftain in the matter of a surrender. He did not see Gen. Carranza, but was told that the terms which could be granted Zapata were unconditional surrender.

He was under close surveillance for a number of days, and finally was sent back to Morelos and given safe conduct through the government lines.

Reports which have just arrived here declare that Zapata, convinced that Bonilla had not been faithful on his mission, had ordered his execution. Many chiefs of the Zapata forces in Morelos, however, declared that he had not been betrayed.

Bonilla, according to the dispatches, was shot before a wall near Cuernavaca and shot within a few days after his return.

Another war measure is the appointment of Mrs. Mary M. Patterson as instructor of first-aid nursing at the Juvenile Hall vacation school. She has been actively interested in Red Cross work and a teacher at the Utah-state school.

According to a report made to the board, five elementary vacation schools are being conducted through the generosity of teachers who have volunteered their services without pay during the summer months.

GERMAN FAMILY LIFE PRESERVATION.

AMSTERDAM (Netherlands), June 30.—According to German papers, a society has been formed at Karlsruhe under influential auspices for "the preservation of German life, culture and promotion of national efficiency." The chief aim of the society is to "combat rampant materialism of the present time and to reawaken respect for idealistic views of life in Germany."

UP GO PRICES ON ALL DRINKS.

New Schedule for Saloon Bars is Adopted Here.

Advance to be About Twenty-five Per Cent.

They Would Also Eliminate the Free Lunches.

A new schedule of prices to be charged for intoxicating beverages sold over saloon bars was adopted yesterday, at a meeting of the Associated Liquor Industries. It was decided to advance the price of all liquors about 25 per cent. and reduce the size of beer glasses. The schedule will become operative next Monday.

Local beers sold by the glass will cost 5 cents, as in the past, but the saloonists agreed to use seven-ounce glasses instead of ten-ounce and even larger. Bottled beer will be sold at 30 cents per quart and 15 cents per pint. All eastern beers will be sold at 50 cents per quart and 25 cents per pint.

Following are the prices agreed upon for strong drinks:
All gin, 15 cents straight.
All case goods bottled in bond, 30 cents straight.
All bulk bar whiskey, 15 cents, or two for 25 cents.
All Scotch whiskey, 30 cents straight.
All mixed drinks, 30 cents straight.

Drinks containing an egg, 25 cents.
Whiskey bottled in bond, 35 cents per quart; 15 cents per pint and 50 cents per half pint.
Bulk whiskey, \$1.50 per quart; 75 cents per pint; 40 cents per half pint.
Ale and stout, 20 cents.
Bottled cocktails, \$1.25 per quart; 60 cents per pint.
All domestic brands, 15 cents; imported, 25 cents.

Discussion of the free lunch problem resulted in a decision to ask the City Council for permission to sell sandwiches for 5 and 10 cents. This is granted, the saloonists will willingly eliminate free lunches. It was stated that, since the New York saloonists saw the folly of attempting to keep free lunch stands with food prices so high, and the local saloonists wish to follow the example.

Godspeed.
DR. FRANCIS'S FAREWELL
Epistles to Gather in a Great Rally When First-Church Pastor will Tell of the Army Y.M.C.A. Work and His Campaign in This Idea.

The First Baptist Church has designated the 19th inst. as "Rally Day." Its special purpose will be to bid Godspeed to Dr. James A. Francis, the pastor, who has been given a four months' leave of absence, to be extended to six months or more if necessary, to do work among the soldiers at the army Y.M.C.A. camps throughout the country. His work in this line will begin on the Pacific Coast and extend to the East, and possibly abroad.

On this rally day the Baptists will decide what proportion of the expenses they will contribute to the work of the Y.M.C.A. war council. The membership of the First Baptist Church has entered most heartily into the plan of Dr. Francis for work among the soldiers.

REQUEST GRANTED.
Man Goes to Police Station to be Locked Up.
James Kinsella, 44 years old, born in Ireland, went out for a good time Wednesday night, and when he finished he was intoxicated. So much so that he had enough to last him until yesterday morning.

Yesterday afternoon he stumbled up the hill to the Central Police Station. Brawny and handsome, Officer Barnes stood before the jail. Mr. Kinsella, feeling that the street was no place for a drunken man, asked Officer Barnes to lock him up. Officer Barnes looked at him and said:

"Go on. Get out of here. Go home. You're drunk!"
"No, go. I know that I'm drunk, but I'll be after starting a shintee!" and he waved his arms excitedly.

Officer Barnes looked him up.

NEGATIVE SHARE ESTATE.
Margaret Harris, who died in Long Beach on the 4th inst., left an estate valued at \$45,000, consisting of cash, stocks and bonds. The will distributes the estate among nine nieces and nephews; gives \$5000 to a sister, Nellie J. Lashaw of Pittsburg; \$1000 to Mary Rehbeck; \$1000 to Jennie Rehbeck, a step-niece, and other bequests from \$500 to \$1. The will was filed for probate yesterday.

HIGH SPEED PAYS COUNTY.

Sheriff Gives Supervisors Figures on What Autoists Paid and Why.

Speeders netted the county \$1931 in June, according to a report made the Supervisors yesterday by Sheriff Cline. It shows that 223 speeders were convicted and fined; that three speeders exceeded fifty miles an hour, and that the majority were going from thirty to thirty-five miles an hour.

THE TREATY OF 1847.

Correction of an Error Relative to the Place of Signing.

In the account in yesterday's Times of the reception and barbecue given by Gen. Harrison Gray Otis at "The Outpost," in honor of the company of the Military Order of the Loyal Legion of the United States, and others, a statement was made regarding the signing of the treaty of peace between Gen. John C. Fremont and Gen. Andres Pico, on behalf of the United States and Mexico, respectively, on January 13, 1847, a statement which was not strictly accurate historically. It was stated that the treaty was signed in the old adobe house on "The Outpost" property.

Later persons and historical investigation appears to confirm as a fact the claim that the treaty was actually signed in an adobe house then standing at the foot of Calhoun Pass, on the northerly side, on a spot near the present Universal City, but that at least one conference between the officers of Gen. John C. Fremont and Gen. Pico, or his representatives, leading up to the treaty-signing, was held in the adobe house at "The Outpost."

This statement is made in order to place the statement as far as can be ascertained, before the public, and for the further reason that the present owner of "The Outpost" has no desire to make claims for the possession of any historical significance by this property that cannot be substantiated. The statement appeared in the account through inadvertence on the part of the editor, the writer of the report of the entertainment and having been fully advised of all the facts.

UNIQUE DECORATION.

An interesting fact is that the variety of gladioli shown among the decorations at "The Outpost" in Wednesday's Loyal Legion entertainment was the "Gladioli Americana," the same variety which was used to decorate the cabin of the President's yacht Mayflower upon an occasion when President Roosevelt, voyaging from Washington, visited Oyster Bay in the official vessel.

TO MEXICO'S ISLAND.

United States Marshal Escorts Large Party North to Begin Term.

United States Marshal Walton went north on the President, yesterday afternoon, with the following prisoners for McNeil's Island: Walter Morgan, a letter carrier who pleaded guilty to embezzlement; J. A. Smith, who is to serve a six-years' sentence imposed in December, 1914, at Seattle, on the charge of forgery of which he was found guilty; Augustus Bent, confessed smuggler of smoking opium, and Edward P. Wilson, who pleaded guilty to forging the signature of the postmaster at Ballentine, Mont., to postal money order of the Los Angeles, the Hindoo who was indicted for conspiracy to violate the neutrality laws, was taken to San Francisco on a removal proceeding.

FINES.

LAYS DOWN PEN.

Local Dramatic Critic Whose Work Here Established a Reputation for Knowledge and Fairness, Passes Away, Leaving Widow and Young Daughter.

The death of Maitland St. George Davies, a local dramatic critic, came as a distinct shock to his many friends in this city, yesterday. In the year and a half that he has been connected with the work here he established a reputation for knowledge and fairness which gave his reviews the stamp of quality and authority.

Mr. Davies was born in Chambly Canton, Quebec, Can., and after moving to New York was himself engaged in the profession of the stage, as a light opera singer. Later, owing to ill health, he moved to Arizona, and was dramatic editor on the Arizona Republic in Phoenix.

Mr. Davies was the brother of the late Acton Davies, famous dramatic critic of the New York Sun, who passed away about a year ago. He was a widow, a daughter, Dorothy, aged 10, and an aunt, residing here. Several near relatives live in New York.

Mr. Davies was 40 years of age. A movement is under way to undertake a special theatrical performance as a tribute to the memory of Mr. Davies. Oliver Morosco and his forces, including Bertha Mann and others of the stock company, have offered to donate their services. Many motion picture stars have also volunteered to take part.

NEW CHARGES.

FEE LIST CHANGED.

Realty Board Revises Old Schedule of Commissions for Handling of Sales.

Membership Drive to Commence Shortly.

The Los Angeles Realty Board's schedule of commissions for the handling of real estate sales, leases and loans as adopted several years ago, was revised in several respects by the governing committee of that organization, yesterday morning. New schedules incorporating the changes will be printed at once for distribution.

LIQUOR FORCES WIN OVER DRYS.

Council's Welfare Committee Turns Down Petition.

Even Prohibitionists Say Now Isn't Time for Action.

Would Cost City Six Hundred Thousand Dollars Yearly.

By a unanimous vote, the Public Welfare Committee of the Council yesterday turned its face against a "bone dry" Los Angeles. The petition of about 4000 prohibitionists requesting the Council to pass an emergency ordinance providing for the absolute elimination of liquor will be filed today, but it is believed that any future attempts to resurrect it will be futile.

Councilmen Conwell and Cleveland of the committee advanced strong arguments against the petition, notwithstanding both are in favor of prohibition. Mr. Criswell, the third member of the committee, made no remarks, but did not hesitate in voting with his colleagues.

"There are four outstanding reasons why the Council should not set upon this question now," said Councilman Conwell. "First of all, the largest and most responsible governing body in the United States has the matter in charge and no doubt will find a proper solution of the problem."

"Secondly, the people of Los Angeles voted overwhelmingly against prohibition eight months ago; thirdly, we are asked by 4000 petitioners to vote the city dry and are implored by 30,000 others to keep our hands off; and, fourthly, those opposed to prohibition would demand a referendum election if we passed the ordinance, and it seems only just to everybody to let the people decide the matter among themselves."

Mr. Cleveland stated that he would like to see Los Angeles dry but, unfortunately, conditions do not warrant such a step at this time. He referred to the city's finances, pointing out the fact that the liquor industries are paying more than \$600,000 annually into the city treasury, and stated that as no arrangements were made in the budget to take care of such a deficit, prohibition would be a staggering blow.

Mr. Criswell presented both sides of the question were present when the committee discussed it, but they were not permitted to speak. He is being the opinion of the committee that the matter had been thoroughly threshed out ten days ago.

As a result of the committee's action and the certainty of its endorsement by the Council today, the only course open to the drys, if they want action on the question, is to call a special election. It is believed this would be stubbornly resisted upon the ground that the city could afford to hold a \$30,000 election at every whim-stitch.

ADDITIONAL CHARGE FILED.

Attorney Accused of Illegal Sale of a Mortgage.

Additional information was filed in Superior Judge Craig's court against Frank McDonald, an attorney, when he appeared for arraignment yesterday on a charge of having obtained money by false pretenses. It is alleged he secured a mortgage from C. S. Phillips, signed by his stenographer, Margaret Farnum, and illegally sold it to R. A. Deener on November 29, 1916.

Because of the new information, his arraignment was continued until August 25.

FIXES WATER RATES.

Rates to be charged by the Forest Grove Water Company, operating in Los Angeles county, were fixed yesterday by order of the State Railroad Commission. This system, recently acquired from the Los Angeles and Arizona Land Company, which served consumers at a flat rate of \$1.25 a month, is now allowed to charge a monthly minimum rate of \$1, including 500 cubic feet. For water in excess of 500 feet, to 1000 feet, the company may charge 15 cents for 100 cubic feet, and for water in excess of 1000 feet a rate of 5 cents per 100 feet was established.

ARRESTED ON THE DESERT.

Mace M. Millsberry and Henry A. Baker were arrested yesterday at Willow Springs, near the State Desert, by Deputy Sheriff T. W. Hamilton on a charge of stealing the automobile of E. P. Wayman, No. 101 Bixel street, this city. They were held on telegraphic advices from Detective Powell and Lowe of the Automobile Club of Southern California. Powell and Detective Sergeant returned the men to Los Angeles last night.

SHE "BEAT IT."

Alvina Hill, the comely young daughter of Mrs. Katie Ella Hill, corroborated her mother in Judge Woodward's proceedings against Charles L. Hill. Mr. Hill is alleged to have told his wife to "beat it," that she was no wood around the house. Miss Hill appeared in vaudeville in order to help support her mother. The decree was granted. Attorney George P. Adams, counsel for Mrs. Hill, stated that a property settlement had been made out of court.

DIVERS WILL TRY TO FIND BODIES.

(LOCAL CORRESPONDENCE.)

BIG RIVER VALLEY, July 12.—An attempt will be made by a crew of deep sea divers from San Pedro next week to find the bodies of three of the four men drowned in the Big River last fall when a boat capsized. William Westmore of Redlands, a well-known carpenter; John Conrad and two other men were drowned. The body of Conrad was found this spring.

It has been determined just about where the divers will be fully prepared to do the work. All the apparatus to be used is being freighted into the valley this week. It is believed that the bodies will be found and raised without great difficulty. At that depth the water is cold enough the year round to preserve the fish.

Drape and Pattern Veils at One-Half Price

The veils concerned in this clearance are distinctly new in make and style.

They may be had in black, white and fashionable colors, as well.

The softness which a good veil lends to one's countenance makes it a desirable adjunct to one's costume, aside from the beauty of the veil itself.

Values from \$1.25 to \$10, at... Half

Envelopes Free with Paper by the Pound

WILSON'S PRICE WARNING
HARD JOLT FOR MARKET.

Leading Issues Fall from Two to Almost Six Points on President's Dictum Regarding Profits for War Supplies. Rallies, However, are Almost Immediate on Announcement of Equitable Arrangements with Industrials.

NEW YORK, July 12.—Stocks received a severe jolt at the opening of today's market, leading issues falling 2 to almost 6 points on President Wilson's warning that fair prices must prevail during the war. Rallies ensued almost immediately on announcement that equitable arrangements had been effected between the government and the chief industrial interests of the country. The initial recovery was followed by additional advances, but, however, to considerable profit-taking.

United States coupon and registered rose 1/4 per cent on call and Panama low 2 1/2 per cent on call.

GRAIN.
BREAKS AND JUMPS
IN PRICES OF CORN.

CHICAGO, July 12.—Simultaneous big breaks and high jumping in corn values were noted today to be due to the establishment of a maximum price for new-crop deliveries of that cereal. Options on the 1917 yield, which will not be ready until December or later, crashed down in some cases as much as 64 cents for immediate use. No. 2 white, ascended to the topmost figure ever known, 1.39 1/4 a bushel. The market as a whole seemed nervous, jumping from 1/4 to 1/2, and wheat gained 1 cent net, 1.14 1/4. The market for new-crop deliveries of that cereal. Options on the 1917 yield, which will not be ready until December or later, crashed down in some cases as much as 64 cents for immediate use.

SEEK A LOWER RATE FOR GAS

Council Committee Conducts Quiz on Prices.

May Request State Board to Fix New Schedule.

Reduction is Desired to Aid in Getting Industries.

Following a lengthy conference upon the fuel gas problem, the Public Utilities Committee of the Council yesterday tentatively decided to request the Railroad Commission to fix a lower gas rate for manufacturing industries. The request will probably be made at once.

Representatives of the Economic and Los Angeles gas concerns were among those at the conference. They were interrogated by Councilmen Criswell, Conway and Cleveland, members of the committee. The questioning developed the fact that gas now is being sold to three or four industries for 15 cents per 1000 cubic feet, while practically all other industries and manufacturing plants are paying approximately 45 cents.

The committee endeavored to secure an explanation for the discrepancy in rates, but no one gave them any satisfaction. That industries in Vernon and Torrance are receiving gas at 15 cents was admitted.

William Mead, a director of the Chamber of Commerce, stated that the difference in prices charged for gas here and in adjoining communities makes it very difficult to get more industries for Los Angeles.

"There is no question about this situation keeping industries out of Los Angeles," he said.

"What we want now is more smokestacks, more pay rolls. We have lived long enough on our elbows. Give us lower gas, electric and water rates, and we will get the industries."

A representative of the Economic Gas Company said his concern had fixed a low rate for industries, but the rate has not yet been taken advantage of. He said the rates were submitted by the company to the Railroad Commission, which approved them.

A representative of the Los Angeles Gas & Electric Corporation said that concern is charging 45 cents because it is the lowest rate it could adopt and still make a reasonable profit. He said the matter was threshed out before the Railroad Commission and the rate was fixed by it.

Councilman Conway said the investigation, which was continued until next week, will result in a campaign to get lower water and electric rates, in addition to the attempt to change the price for gas.

DRAINAGE PROBLEM IS CONSIDERED.

RIVERSIDE, July 12.—The feasibility of draining the large area of bottom land west of the Santa Ana River is being investigated by W. W. Wier, who is connected with the drainage and reclamation department of the Federal government.

The property owners in this section of the valley have been looking forward for many years to the time when this rich section might be brought under cultivation. It is hoped that with the co-operation of the farm bureau something tangible may be developed.

RED CROSS RECORD TO MINING CAMP.

SHAFTER (Tex.) July 7.—This little mining camp, which nestles under a grove of willows at the head of a small stream, claims the record for the amount of Red Cross subscriptions per capita. With eleven American families living here, Shafter subscribed \$1500 to the war fund, an average of \$136.32 per capita. The manager of the silver mines here gave \$500, the manager of the general store \$200, and several American and many Mexican subscribed.

ENTERTAINMENT FOR BELGIANS.

Two-day Programme Arranged for War Mission Due Tomorrow Morning.

Following is the two-day programme for the entertainment of the Belgian War Commission tomorrow and Sunday.

Saturday.
Party meets commission on arrival at Southern Pacific station at 8:45 a.m.

Commission goes to Hotel Alexandria for informal breakfast at 9 o'clock by Chamber of Commerce.

Automobile ride about city; return to the hotel at 11:45 a.m.

Leave hotel 12:15.
At 1:30—Luncheon with several Belgian relief workers at home of Mrs. John Treanor.

At 1:50—Small reception by local Belgians.

At 1:45—Take automobiles to join parade under joint auspices of committee of arrangements for reception of the Belgian mission and the French Fourteenth of July Committee through city to Shrine Auditorium.

At 2:00—Speeches at Shrine Auditorium.

Return to hotel.
At 8 p.m.—Banquet in Alexandria Hotel.

Attend divine service in morning.
At 4 p.m.—Drive to call on Mrs. Billike and to meet friends of Belgians in Pasadena.

WOMAN TREATED AT HOSPITAL ALLEGED TO HAVE BEEN SHOT BY A NEIGHBOR.

Woman Treated at Hospital Alleged to Have Been Shot by a Neighbor.

During a back-yard argument, according to the police, a neighbor woman got an air rifle and shot at Mrs. Vivian Engstead of No. 2056 West Pico street.

Mrs. Engstead was taken to the Receiving Hospital and treated by Police Surgeon Stookey for a minor abrasion of the left forearm. An arrest may follow.

POLICE FORCE NOT TO BE REDUCED.

FUTURE ATTEMPT MADE TO CUT OFF TWENTY-FIVE EXTRAS.

Chief Butler Requests Adoption of Salary Ordinance at Once so as to Eliminate Red Tape—Councilmen Mallard and Criswell Vote to Decrease Number of Men.

When Chief Butler yesterday asked the Council to pass the police department salary ordinance at once in order that the twenty-five extra patrolmen who have been working for several months may receive their pay without unnecessary red tape, Councilman Mallard made a motion that the extra officers be eliminated. Mr. Criswell seconded the motion, but it was defeated by seven remaining members voting against it. As a result, the extra men will be retained and it will be the duty of the city to pay the salary ordinance will be passed at the next meeting.

To Issue Water Bonds.
The Public Service Commission yesterday transmitted to the Council a resolution authorizing the issuance of \$2,444,000 in bonds, being the remaining portion of \$5,000,000 bonds authorized at a special election in 1914, the purpose of the issue being to acquire and construct works for supplying electricity for light, heat and power. The resolution was referred to the Public Service Commission.

The City Engineer was instructed to prepare an ordinance of intention for the improvement of Gramercy place from Council to First streets.

Residents of Sycamore drive have petitioned the Council to change the name of that thoroughfare.

BLAZE DESTROYS TEN AUTOMOBILES.

FIRE FOLLOWS A MYSTERIOUS EXPLOSION IN STORE.

Salesroom Across the Street, Crowded with New Cars, Also Destroyed. Motorcycles Officers Break Through Door and Run All to Safety.

Fire which started in an automobile salesroom at 1055 South Olive street last evening, destroyed ten automobiles and damaged the building causing an estimated loss of \$15,000.

C. H. Carter, manager of the Marion-Handley company, was turning to the salesroom to park his automobile for the night. As he was backing the machine onto the floor where ten other cars were stored, something suddenly exploded in the rear of the car, enveloping it in flames. Mr. Carter fled and turned in the alarm.

The fire quickly consumed the ten automobiles and spread to the building. Motorcycles officers Blaisdell and Ellsworth, who were passing at the time, broke through the door and ran all the cars into the street.

The destroyed automobiles were valued at about \$10,000.

AVENGED INSULT AND MAY LOSE HAND.

IMPERIAL, July 12.—Fred A. Murphy, recruiting officer of the district, will probably lose his right hand as the result of knocking down a farm hand here one week ago who had insulted the American flag and the United States Army. Murphy was taken to Los Angeles today to have the injured member placed under an X-ray. Murphy's hand had been infected after his fist connected with the upper jaw and teeth of the laborer.

LAND SUIT TIES UP BIG RECLAMATION PROJECT.

CASE HEARD YESTERDAY BY REGISTER ROCHE AND RECEIVER MITCHELL OF THE LOCAL LAND OFFICE.

It is assumed, if successful on the part of the protestants, prevent the carrying out of a large reclamation project in San Diego county.

On March 12, 1917, Bertha Bixler, representing the San Diego Mutual Water Company, filed a suit on a tract of land of thirty-five acres on Escondido Creek, between Del Mar and Escondido. Since that time she has transferred her interests to the water company.

Two weeks later E. B. Taylor and Elmo T. Jannsen located a millsite on the land. Subsequently they were advised that the mill-

MINES' VALUES BIGGEST KNOWN

Fix Estimate for the Purpose of Taxation.

Basis Upon Gross Return for Copper and Metal.

Increase is Mainly Caused by New Producers.

PHOENIX (Ariz.) July 11.—The valuation of the mines of Arizona, for purposes of taxation, based upon the gross return for copper and metal, has been fixed at a fifth of the last five-year period, is the greatest ever known, aggregating \$230,421,394, this compared with \$171,883,616 for the year before.

Both figures are for the mines alone. With the addition of the county assessment of the various reduction and surface plants, it is expected that the gross valuation will reach \$600,000,000. Last year's was \$486,406,518. The increase mainly comes from new producers. The Inapplegate property in Miami, with its enormous concentrator, now handling 20,000 tons of ore a day, has been placed at the head of Arizona mines in its assessment of \$79,432,000, a very material raise from its last year's rating of \$20,400,386.

The United Verde Extension has gone from \$5,360,280 to \$27,000,000. The Copper Queen goes to \$4,400,000, an increase of \$18,000,000. The Calumet and Arizona has been lifted \$14,000,000, and the United Verde \$17,000,000.

As the assessment partially is founded upon production and price, there is a prospect of a considerable slump in the assessment that will follow, for a deep cut has been made in the copper output by the strikes that now tie up the Arizona mines. The Globe and Miami, and that have had effect on the smelter records at Jerome and Bisbee. The taxpayer thus will know a loss from the I.W.W. disturbances, the cost of which will be distributed broadly in many channels.

BETTER CROPS.
Since the advent of warmer weather, crop conditions within the Salt River Valley have been of the best. The farmers are reported to be gathering, with from fifty to eighty carloads shipped daily. There has been difficulty in getting an ample supply of refrigerator cars and more difficulty in securing labor. The prices obtained have been more than satisfactory.

The apical cliff, the brand-new York up to \$2.75 a crate. The boys' food battalion has been transferred from cotton chopping to melon picking and doing so with a flourish. Melons also are being made of watermelons, mainly to southwestern points. The apical cliff, the brand-new York up to \$2.75 a crate. The boys' food battalion has been transferred from cotton chopping to melon picking and doing so with a flourish. Melons also are being made of watermelons, mainly to southwestern points.

ACQUIT CHINAMAN.
Ong Kue, accused of the murder of Gin Wing in a cellar restaurant, in the city of Los Angeles, has been acquitted, testimony to convict being lacking. At a positive identification of the murderer, and taken from a barfly at Peoria to catch a Los Angeles train, he now is some distance from the real criminal. There was American testimony of his actions, a character actor. He had been pupil at Christian schools. Officers doubt if they ever will locate responsibility for the killing.

CARPENTERS STRIKE.
Union carpenters employed in the building of the new official home of Bishop J. W. Atwood of the Episcopal company, struck because their foreman was not a member of the union. The house is being rapidly erected and the crew of nonunion workmen. The action of local artisans in declaring a closed shop is being fought by the organization of carpenters, who proposed to spread their activities all over the state.

Accidents and figures compiled by the Mountain States Telephone Company, within the corporate limits of Phoenix now are \$5,000 per year, with the exchange in the entire range of its local service. It is notable that the number of accidents is being kept up the installations ordered. Increase of 40 per cent, is being made in the switching equipment, while new metallic circuits are being constructed to Prescott, Maricopa, Florence, Avondale and Tucson.

The State Game Warden is investigating a report that mountain sheep have been shipped into California from Parker, in defiance of Arizona law, which closely protects this animal, now almost extinct within the State, though still known in northern Sonora.

A pile of 2½ tons of a pound has been fixed for picking cotton for the coming season. Complaint developed at a meeting of the Egyptian Cotton Growers' Association that occasional higher payments made last season simply served to allow the Mexican pickers to take more frequent holidays. Pickers are to be brought from the southern States, from Sonora and from all the Indian reservations.

It has been determined that the city operation for the current year will cost \$500,000.

CENTENARIAN DEAD.

IMPERIAL, July 12.—A courier from the Indian village west of Calexico has brought news of the death of Mat Cocopah, oldest member of the tribe, said on good authority to be 102 years of age. A brother of Mary Cocopah died a few months ago at the age of 100.

site location was not valid, and in April they filed a mining location on the land, alleging the land to be valuable for palm rock.

It was brought out in the testimony yesterday of Col. Ed Fletcher of San Diego, president of the water company, that they had filed on the land for the purpose of securing a dam site for a reservoir to cover the San Diego water company's dam.

George H. Wickham, attorney for the San Diego Mutual Water Company, stated it as his opinion that the so-called mineral locations were filed as a "hold-up" proposition, and much testimony along that line was sought to be adduced. Receiver Roche and Receiver Mitchell will make an inspection tour of the land in the near future.

"TECH." SCHOOL TO OPEN SOON.

Training for Officers of New Merchant Fleet Feature Here.

An interesting part of the government's war program by sea will be the opening here the latter part of this month of a school to train officers for the new merchant marine which is to set at naught Germany's campaign of submarine frightfulness.

Sponsor for the new school and furnishing the instructors is the Massachusetts Institute of Technology, better known as "Boston Tech." Other schools will be opened at San Francisco, Portland, on the Great Lakes, the Gulf and South Atlantic points.

The County Council of Defense will act as agent to enable potato growers to pool and sell their crops through responsible marketing agencies. A commercial house will be selected for this purpose, and it is believed farmers will be able to dispose of their crops at better prices.

This action was taken at a special meeting of the council yesterday, upon a report submitted by J. J. Hamilton, chairman of the Board of Supervisors. The council found that the demand for potatoes of a good, uniform grade at \$2 and better for 100 pounds is in excess of the supply in the hands of shippers.

The lack of organization of the less-than-car-load producers is responsible for the low ruling local prices.

The present outside demand will continue through the following two weeks. This brief period of activity makes necessary immediate and cooperative action. Chairman Hamilton's report follows:

"The success of this plan to bring the producer and the distant, as well as the local, markets together and thus prevent any marketable potatoes from going to waste, depends upon the promptness with which the growers act upon the plan of the council."

"Every grower who has marketable potatoes for which he has been unable to find a market is therefore urged to fill out and mail, forthwith, a postcard containing the following information:

"Name, address, approximate number of sacks, name of railroad station."

These cards must be addressed to the Los Angeles County Council of Defense, No. 719 South Hill street, Los Angeles. They will serve to indicate to the council the quantity of potatoes that will have to be handled. Instructions will be forwarded by the council to the growers as to packing, shipping, grading and arrangements for the pool. The council will ask a committee of representatives in each point of shipment to act for the shippers at that point.

"Growers must be ready to act as soon as they receive instructions, so that the produce can be moved promptly, and should watch the newspapers for authoritative information from the council."

The federal government has sent for distribution a quantity of pamphlets on food conservation, such as drying of fruits and vegetables, uses of corn meal, etc., to the County Welfare Commission, No. 121 Temple street. They may be had for a 2-cent stamp.

NORTHERN MEXICO MATCH SCARCITY.

CHIHUAHUA CITY (Mex.) July 7.—Matches are as scarce as cigarettes in Northern Mexico and are as carefully conserved. A recent tax added 50 per cent to the selling price of matches. This selling price is from 25 centavos to double that amount, depending upon the supply from the United States. The Mexicans are most careful in the use of matches, several men lighting their cigarettes from one match.

Military Training.
Fall Term Opens August 14, 1917. W. T. REID, Head Master, Box H, Belmont, Cal.

SOLDIERS IN TEXAS TO STUDY FRENCH.

PORT BLISS (Tex.) July 7.—Soldiers quartered here and in Camp Stewart are planning to study French in anticipation of serving in France. An arrangement has been made between the commanding officers of the United States and the High School faculty in El Paso to have a brief course in French taught the soldiers. Many have already bought French primers and are practicing their French pronunciation on their tent mates.

NAMES AN ARBITRATOR.

Carranza Selects Man to Settle Oil Labor Trouble.

MEXICO CITY, June 30.—President Carranza has named an arbitrator who will attempt to compose the difficulties between the sailors and the Aguirre Oil Company by whom the oilmen are employed in the coastwise trade. The sailors and firemen demanded more pay and for a time refused to leave their quarters on board the Aguirre steamers when other men were hired. As the idleness of the steamers prevented shipment of fuel oil to the railroad operated by the Mexican government, Col. Paulino Fontes, manager of the Mexico-Vera Cruz line, persuaded the strikers to return to work pending a settlement by the President's arbitrator.

Boards of arbitration and conciliation authorized under the new constitution have been named in several of the States, according to reports from the Governors received here. These boards, consist of four members from the employees, four from the employers and seven named by the State government.

LEGAN SCHOOL

Not only a school for drama, but a school for general culture. DRAMA, in all their branches, Patronized by Oliver Morosco, John Curt and many others.

Y. M. C. A. SCHOOLS

Five opportunities for making up back work and for gaining credit in such and grade school subjects. Other courses: Commercial, Shortland, Radio, Amusing, Chemistry, Music, Art, Auto, Velocipede, Machine Shop, etc. Catalogue free. 115 S. Hope St. 10022; Main 1533.

BETTER PRICES FOR POTATOES.

County Council of Defense to Help Producers.

Crops to be Pooled and Sold Along New Plan.

Commercial House will Bring Market Closer.

The County Council of Defense will act as agent to enable potato growers to pool and sell their crops through responsible marketing agencies. A commercial house will be selected for this purpose, and it is believed farmers will be able to dispose of their crops at better prices.

This action was taken at a special meeting of the council yesterday, upon a report submitted by J. J. Hamilton, chairman of the Board of Supervisors. The council found that the demand for potatoes of a good, uniform grade at \$2 and better for 100 pounds is in excess of the supply in the hands of shippers.

The lack of organization of the less-than-car-load producers is responsible for the low ruling local prices.

The present outside demand will continue through the following two weeks. This brief period of activity makes necessary immediate and cooperative action. Chairman Hamilton's report follows:

"The success of this plan to bring the producer and the distant, as well as the local, markets together and thus prevent any marketable potatoes from going to waste, depends upon the promptness with which the growers act upon the plan of the council."

"Every grower who has marketable potatoes for which he has been unable to find a market is therefore urged to fill out and mail, forthwith, a postcard containing the following information:

"Name, address, approximate number of sacks, name of railroad station."

These cards must be addressed to the Los Angeles County Council of Defense, No. 719 South Hill street, Los Angeles.
